# EXPORT

## Export Plans

Dollar Furniture exports production in the form of furniture made from wood, rattan, leather, etc to several countries such as Europe and the USA.

We always prioritize customer satisfaction and committed to always maintain quality.

We confidently believe that produce the best quality of hand-made solid wood furniture base on the following reason;

- All of our furniture is made by our professional craftsmen that already have years of experience in producing high quality furniture.
- We treat the timber with a non residual effect chemical to eliminate any kind of insects and bugs and prevent its reinvestation during production process.
- We also implement very stringent quality controls in every stages of production.
